TERMS AND CONDITIONS:

Producer hereby guarantees and warrants that honey delivered from this crop year is not adulterated or misbranded within the meaning of the Federal Food, Drug and Cosmetic Act. If, in order to protect the bees from mites and diseases, treatments have been introduced into the hives that produced honey this year, we further certify that all treatments used have the approval of the Environmental Protection Agency for use in an apiary and that treatments were used in strict accordance with manufacturer's directives. Honey delivered is guaranteed to be pure bee honey.

We (producer) also hereby warrant that all shipping containers (drums) used this year will be empty and clean prior to filling. All shipping containers will be labeled with producer's name and address, floral variety and crop year.

Handler reserves the right to test samples from any or all containers delivered to ensure a natural and pure product, free of pesticides and chemicals. Merchandise will not be accepted if found to violate applicable federal regulations.
